Course Expectations

1. **Course Format:** This course consists of engaging in class discussions, activities and viewing online lectures as well as academically-related videos in ASL.
2. **Student Responsibilities:** Students are expected to actively participate by attending class and completing assigned activities, participate in class discussions, serve in groups, complete assignments on time, respect diverse perspectives and opinions, and support your opinions and answers with reasons, explanations and documentation from a variety of sources.
3. **Classroom Etiquette:** Basic classroom etiquette includes turning off external electronic devices that may interfere with class participation, arriving on time for class, staying the entire period and avoiding behavior that interferes with the concentration, and learning of other students. Attention should be given to the instructor, guest speakers and fellow students.
4. **Expectation for Communication in on-campus course:** Since ASL is a visual language, use of spoken English or of speaking and signing simultaneously ("sim-com") is not allowed during the course session including breaks. Students using voice or signing/voicing simultaneously will be asked to leave the classroom until the next class with no exceptions. This will be counted as unexcused absence.
5. **Attendance:** You are expected to attend every class. You are expected to arrive on time and stay the entire class period. You will be allowed three absences. After your three absences have been used, you will lose ten percent from your overall course grade for each class that you miss, regardless of the reason. (If you had four absences and you received 93% for your final grade, you would end up with 83% after losing ten percent

due to one over-the-limit absence.) Two tardy constitute an absence.

6. **Peer Network:** Each student is responsible for getting access to and understanding what is expected of each assignment. Please form a strong network with your peers. If you miss a class, go to Blackboard for assignments and ask other classmates to learn about what you missed.
7. **Deadlines:** Assignments will not be accepted past due dates. Allowance will be made in the event of inclement weather or an unforeseen situation on the instructor's end.
8. **Class Discussions:** Instructions are to be followed meticulously. Missed class discussion will be counted as zero. Late submissions will not be accepted unless an agreement was communicated with your instructor 24 hours in advance.
9. **Office appointments:** Please email me if you'd like to meet with me at a specific time, and I will be sure to make myself available for you. Please keep your appointments with me, and if you have to cancel, please email me.
10. **Inclement weather or any cancelled classes:** If the university closes for any reason or if the class is cancelled unexpectedly, please check your Gallaudet email and the announcement in Blackboard for further instructions.
11. **Course evaluation:** You will be required to complete the course evaluation before you will be able to receive your final course grade.

On-Campus Credit Hours:

This course is a 3-credit course, which means that students are expected to do at least 112.5 hours of course-related work or activity during the semester. This includes lecture/discussion meetings as well as time spent completing assigned activities, studying for tests and examinations, participating in lab sessions, preparing video assignments and other course-related tasks. In addition to this, please include the consideration that this is also for college credit.

Student workload expectations for 3-credit online courses	In-Class hours	Outside-of-class hours	Total hours
<i>Term courses meeting 2 hours and 40 minutes per week for lecture/discussion</i>	37.5	75	112.5

Incomplete Grade

A grade of incomplete (INC) is given when a portion of a student's required coursework has not been completed and evaluated at the end of the semester due to illness, or other unforeseen, but fully justified reasons, and earning credit is still possible. When this is the case, the INC form (available electronically at Faculty Center in Bison), including required supporting documentation and signatures, must be submitted to the Register's Office before the last day of classes. A student will not receive an incomplete grade for poor, incomplete, or failing work, or willful non-attendance of class. Students with an INC grade must complete the coursework and receive a grade by the end of the seventh week of the following traditional semester. Incomplete grades given during summer school must be removed during the following fall semester. Otherwise, the "INC" grade automatically becomes an "F". The time for removing an incomplete grade may be extended one time. The student must petition for an extension prior to the deadline following the report incomplete. The student must have the approval of the course instructor, program coordinator, and department chair of the school in which student is enrolled.

Policies and Procedures

Student Grievance Procedure: Complaints about course grade must first be resolved through your instructor, then the program coordinator, the department chair, the school dean and the Provost in that order until a resolution is reached. You will be asked if you complied with this procedure when filing a grievance.
