Blackboard Orientation

Want to learn more about Blackboard and how to use it for building your course?

Click here to [Enroll in a Blackboard Self Paced Training Orientation course!](#)

This is a self-paced session covering the basic, intermediate and advanced modules of Blackboard. You will work independently and collaboratively to investigate the course development and tools for online teaching and learning. Activities are completed in two separate Blackboard learning environments. The main course contains all of the class readings, activities, and assessments. A second development course provides an area to complete assigned course development activities.
